

Keeping your customers protected ...and connected.

INTRODUCING LYNXR-EN

While LYNXR-EN keeps your customers safe, it also keeps them in touch with:

- Integrated two-way voice
- Remote phone control
- Built-in speakerphone

And of course, LYNXR-EN includes all the great features of the original:

- Full-function keypad with LCD display
- Family message center with voice recording and playback
- Built-in X-10 lighting and appliance control
- Single-button operation and paging
- Voice response with zone descriptions in clear, spoken English
- Scheduling for events and reminders
