Free Mobile App

Honeywell Total Connect works with iOS and Android devices for easy, on-the-go control.

Voice Control

Use our Amazon Alexa skill to control security. It's convenience for when your phone is out of reach or if your hands are full.

Apple Watch®

Our app lets you control your security system, offering visibility into your home.

Honeywell Total Connect®
Remote Services

Connected and in Control

Honeywell Total Connect Remote Services keeps you connected to your smart home or business through our mobile app or website.

Visit our website at www.totalconnect2.com.

Smart Security

Remotely arm, disarm or check the status of your security system.

Available in English, Latin American Spanish, French Canadian and Brazilian Portuguese.

Video Solutions

- View live video on up to eight HD cameras at a time – a great way to keep an eye on your home, family or business
- See, hear, speak* and take a snapshot or video of what is occurring
- Two-way audio communication on demand*
- Video clips can be sent to monitoring personnel when an alarm is tripped – letting them look in to determine event severity and arm first responders with the information they need to act quickly

Smart Video Doorbell

With the push of a smart doorbell, see, hear and speak to visitors at your door, arm or disarm the security system and unlock or lock the door all from the same screen.

Video Doorbell

*Indoor HD cameras only.

Energy Control and Automation

- Control temperature, lights, locks, shades and more
- Open or close your garage door from anywhere
- Intuitive wizard helps you create scenes for ambiance, comfort and security

Real-Time Awareness

- Get push notifications in real-time, and email and video alerts when important events occur like a package delivery
- Get alerted when you leave predetermined geographic areas if you forget to arm your security system
- Know exactly when your child gets home from school, when a pet sitter or caregiver arrives, when your employees come and go and more
